200m 5000m Long Jump Shot Put

RESULTS 13 December 2017

The final night of Athletics for 2017 provided exciting and close racing by the elite runners and walkers who turned up in large numbers to participate. Natasha dashed over the 200m to narrowly head off Allan with Grant a close third and Tyrell sprinting in in for him a brilliant 39.73 seconds. He can never see himself ever running that fast again so he has retired as a sprinter, and we will never again see his delightfully dazzling style. The 5000m turned into somewhat of a procession with Allan powerfully storming in first ahead of Greg who was close behind. There was then a large gap to sprint star Tyrell who was narrowly ahead of ace walker Mike. Garth was a mere 5 seconds over the magical 60 minute mark. There were just two Triple Jump exponents. Such was their expertise that they had scared off all the other competitors. Both hopped, stepped and jumped magnificently with Allan prevailing by a mere 30 cm over Natasha. The audience could only look on in awe.
